

OBJECTIVES OF THE PROGRAM

The program of M.Sc. Botany is designed with an objective to encourage and support the growing demands and challenging trends in the educational scenario. The program focuses on the all-round development of the students to face the competitive world. The objectives of the program are as follows:

- ✓ To understand the scope and significance of the discipline.
- ✓ To imbibe love and curiosity towards nature through the living plants.
- ✓ To make students open-minded and curious, we try our best to enhance and develop a scientific attitude.
- ✓ To make the students exposed to the diverse life forms.
- ✓ To make them skilled in practical work, experiments, laboratory equipment and to interpret correctly on biological materials and data.
- ✓ To encourage the students to do research in related disciplines.
- ✓ To develop the ability of the students to transform the society through their education.
- ✓ To acquaint the students about the methods used in the maintenance of different natural resources.
- ✓ Critical Thinking: to include creative thinking, innovation, inquiry and analysis, evaluation and synthesis of information.
- ✓ Topics include the study of plant form, function and reproduction, and an overview of plant diversity including bryophytes, ferns, and seed plants.
